

Fish & Richardson Resources

Fish & Richardson attorneys have served as advisors to pioneers and innovators in the life sciences and technology fields for more than a century. The resources we develop hold high value for general counsel and others interested in intellectual property (IP). Explore www.fr.com to learn more about why clients come to Fish to solve their IP issues and commercial litigation matters.

www.fishlifesciences.com

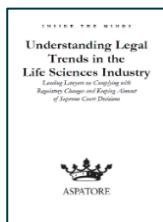

- The 2015 Life Sciences IP Summit is also conveniently located on an app. This complimentary app offers up-to-date information about the summit and will provide convenient access to materials during the event.
- The app can be downloaded by searching “Fish Life Sciences Seminar” on iTunes or Google Play.

Fish & Richardson Blogs

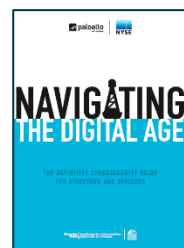

- **Fish Litigation Blog** (fishlitigationblog.com) is a community site where Fish’s IP, commercial, and white collar litigators share information on nationwide litigation developments and trends.
- **Trademark & Copyright Thoughts** (fishmcopyrighblog.com) is dedicated to sharing the latest news, developments, and unique perspectives in trademark, copyright, and media law.

Thought Leadership

- Learn about the current challenges and concerns with life sciences IP from [Leading Lawyers on Complying with Regulatory Changes and Keeping Abreast of Supreme Court Decisions](#), a chapter written by Fish Principal Jonathan Singer in the book “Understanding Legal Trends in the Life Sciences Industry.”

- Read [Navigating Government Regulation in the New Medical Age](#), a white paper written by Fish Principals Terry Mahn and Keith Barritt.

- Download chapters from the definitive cybersecurity guide, [Navigating the Digital Age](#), written by Fish Principal Gus Coldebella and Associate Caroline Simons.

www.fr.com/life-sciences

Our life sciences practice group handles a wide range of matters. Learn about our work in these areas:

- Hatch-Waxman
- Litigation
- Regulatory work
- Strategic patent services
- Trademark

fishpostgrant.com

- Fish’s **Post-Grant** site offers details on each proceeding, including procedural timelines, as well as case summaries, news alerts, commentary, and other articles of note. Also view a list of stays related to post-grant proceedings.
- Download our app from fishpostgrant.com/app which pushes frequently updated content from fishpostgrant.com to your mobile device.

Webinar Series

Throughout the year, Fish offers complementary presentations on litigation, post-grant and trademark topics.

fishlitigationblog.com/webinars

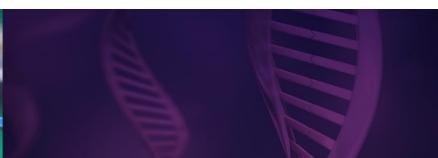

- Monthly series provides perspectives about key legal developments and litigation strategies across IP, commercial, and white collar practice areas.
- Audio and video replays available.

fishpostgrant.com/webinars

- Monthly series focusing on post-grant issues.
- Audio and video replays available.

fishmcopyrighblog.com/webinars

- Focus on legal developments, cases and trends, while offering best practices for in-house counsel to rethink the way they handle their brands, advertising and creative content.
- Audio and video replays available.
